Larry Pittman won't keep our families safe.

North Carolina is facing two health crises: COVID-19 and gun violence. More than 3,000 North Carolinians have died of COVID-19,¹ and 1,300 North Carolinians die each year from gun violence.²

Politicians like Larry Pittman **opposed common-sense gun safety laws**, like background checks on all gun sales, that would protect our communities and keep our kids safe.³

VOTE NO ON LARRY PITTMAN FOR STATE HOUSE.

Vote early from Oct. 15-31 or on Election Day, Nov. 3.
